

COVID-19 Short Term Rental and Mortgage Assistance Fund

Adams County Housing Stability Response and Recovery Team

Overview

As part of its [COVID-19 emergency response and recovery strategy](#), Adams County Government, through the [County Manager's Office](#), has launched a [Housing Stability Response and Recovery Team](#) to keep people in their homes and ensure residents' housing needs are met during the COVID-19 crisis. The [Adams County Foundation](#), through a request from the [Adams County Board of County Commissioners](#), has allocated \$300,000 for rental and mortgage assistance for low-income Adams County residents experiencing economic stress due to the COVID-19 crisis.

These funds, administered by [Maiker Housing Partners](#), are meant to provide emergency, short term rental and mortgage assistance to households that are most vulnerable to eviction or foreclosure due to the likelihood that they have little savings, have suffered loss or reduction of employment, could experience housing instability or incur insurmountable debt due to unpaid rent or mortgage.

Eligibility

Annual household income prior to March 11, 2020 must be below 80% of the area median income in Adams County and for the size of the applicant household. The primary residence of recipients must be in Adams County. Methods for determining household income are described below. Households currently supported with a housing voucher are not eligible.

Prohibition on duplication of benefits

Applicants must disclose other local, state and federal benefits they have received or have applied to receive specific to the impacts of COVID-19, including Unemployment Insurance benefits or other rental/mortgage assistance or forbearance. These benefits plus any other federal benefit expected will be taken into consideration when determining the amount that will be provided to the applicant for rental or mortgage assistance.

Applicants are encouraged to apply for other available assistance, including but not limited Unemployment Insurance and/or mortgage forbearance to ensure their housing stability into the future.

Proof of income for qualification

To be eligible for this benefit, the household must provide documentation that their annual income prior to March 11, 2020 was below 80% of the area median income. Households currently supported with a housing voucher are not eligible.

1. AMI Guidelines: Colorado Housing and Finance Authority (CHFA) [guidelines](#) will be used to determine 80% AMI and below rent and income levels for the size of the applicant's household.
2. Maiker allows the following methods to determine whether a household qualifies for the benefit. Only one method is required:
 - Household income was determined using third party source documents to be below 80% AMI by a Public Housing Authority (such as Maiker Housing Partners) or Tax Credit Property Manager between March 11, 2019 and March 10, 2020. PHA or Tax Credit Property provides certification of this income determination.

- IRS Form 1040 submission and W-2s for 2019 taxes (and proof of acceptance by IRS) are provided and, in total for the household, the total income (line 7b) falls below the 50% AMI guideline.

Determination of amount that the applicant can pay

The amount of assistance provided by the emergency fund will depend on the amount owed and the amount that the applicant is able to pay. The calculation of the amount that the applicant can pay will include consideration of:

- Monthly household income at the time of application (with COVID-19 impacts)
- Unemployment benefits received or expected to be received within 14 days of the rent due date

Determination of Eligible Assistance

In no case will the rental/mortgage assistance be more than the cost of rent for one month (monthly rental agreement or mortgage), 5 weeks (weekly rental agreement), or 30 days (daily agreement).

Unless a waiver is provided by Maiker Housing Partners, the rental/mortgage assistance provided may not be more than 1.5 times the Fair Market Rent for Adams County. Fair Market Rent can be found [here](#).

In no case will more assistance be paid on behalf of the applicant than their demonstrated economic loss.

Calculation method:

1. Maximum rental or mortgage assistance is the lesser of:
 - a. Monthly amount of the applicant's economic loss
 - b. 1.5 x Fair Market Rent
 - c. 100% of the rental/mortgage payment due minus the amount the applicant can pay (see below). Mortgage payment due is as presented on the mortgage statement and may include principal, interest, taxes and insurance (PITI). Rent due does not include late fees or other amenity fees that can be elected month to month.
2. Determine the amount the applicant can pay
 - a. Determine current household monthly income, including any UI benefit.
 - b. Multiply by 30%.
3. Determine the potential assistance amount
 - a. Start with the lesser of the actual rental/mortgage payment due and 1.5 x FMR.
 - b. Subtract the amount that the applicant can pay.

Number of Months of Rental or Mortgage Assistance Available per Applicant

The \$300,000 allocated by the Adams County Foundation was intended to be emergency assistance. The need may be greater than this fund, but we also know that federal assistance is expected soon. Maiker Housing Partners will operate under the assumptions these emergency funds must provide support for 6 months.

- Applicants are applying for the cost of one month of housing only.
- If funds are available, applicants can submit a re-application up to 3 times in the 6 month period (3 times total).
 - Reapplications in the 6 month period may use the income qualification of the first application.
 - Documentation showing that the applicant is still housed at the same location must be provided.
 - If the applicant has moved, full documentation of tenancy and rent must be provided.
 - Applicant ability to pay must be re-calculated with new benefit information.
